## HIGH COST OF LIVING IS DUE TO WORLD SITUATION, WILSON TELLS THE SOLONS

U. S. is Only Nation  
With Enough Cash  
To Restore Trade

President Striking  
Hard as He Swings  
Into the Northwest

(ASSOCIATED PRESS DISPATCH)  
ST. PAUL, Minn., Sept. 9.—The  
cost of living, President Wilson told  
the Minnesota legislature today, is  
largely due "to a world situation"  
growing out of the sacrifices and  
waste of the war.

Back of that, added the president,  
lay the fact that the world had not  
yet learned what the peace status  
would be.

"The world is not going to settle  
down," said he, "until it learns what  
part the United States is to play in  
the peace."

He continued that this was the  
only nation which would have enough  
free capital in the near future to  
rehabilitate the world economically.

The legislature, which began yester-  
day an extraordinary session to  
consider the high cost of living and  
other subjects, received the presi-  
dent with cheers. He was introduced  
by Governor J. A. Burnquist, who  
said Minnesota hoped there would be  
some arrangement to prevent future  
wars.

The president congratulated the  
legislature on its ratification yester-  
day of the federal woman suffrage  
amendment. First of all, Mr. Wil-  
son said, it was the nation's duty to  
set the commerce of the world going  
by the establishment of peace. After  
that, he continued, there were  
domestic adjustments that must be  
made, mentioning among other things  
that railway facilities in this coun-  
try were not equal to the demand.

ST. LOUIS, Mo., Sept. 9.—  
We must take the treaty or leave  
it. With these eight words, tersely  
put, President Wilson summed up  
his peace treaty argument in which,  
before two big audiences, he direct-  
ly discussed, for the first time, the  
reservation being written into the  
document by the senate committee  
on foreign relations.

To make this direct answer Presi-  
dent Wilson waited until he had pen-  
etrated into the very heart of the  
section of the country where, on the  
basis of the attitude of senators in  
Washington, the sentiment for mild  
reservations, mild but, nevertheless,  
reservations, has taken deepest root.

In Omaha, Neb., this morning and  
here tonight in territory suffused  
with a population of German ances-  
try and, although overflowing with  
riches, lending an attentive ear to  
the doctrine of the Non-Partisan  
League, the president discussed seri-  
ously the major reservations support-  
ed by the majority of the senate com-  
mittee and outlined what in his op-  
inion would result.

Throwing his whole being into the  
treaty fight unreservedly the presi-  
dent interlarded his discussion with  
emphatic warning against the slight-  
est mixture of party or personal polit-  
ics in the discussion and reached his  
climax with this suddenly put and  
dramatic declaration:

"If I felt that I personally, in any  
way, stood in the way of this settle-  
ment, I could be glad to die that it  
might be consummated."

## MINERS' CONVENTION WILL DEMAND 30 HOUR WORK WEEK

(ASSOCIATED PRESS DISPATCH)  
CLEVELAND, O., Sept. 9.—With  
some 2,000 delegates from the col-  
lieries of the United States and Can-  
ada gathered in the Armory of the  
Cleveland Grays, the international  
convention of the union miners of  
America, the twenty-fifth consecu-  
tive gathering of that organization,  
was called to order at 10 o'clock  
this morning.

Events have conspired to make  
it probably the most important in  
the history of the United Mine Work-  
ers since, quite apart from the possi-  
bilities of trouble contained in its  
almost certain demands for higher  
wages and shorter hours, the min-  
ers of Great Britain are looking to  
it for support and co-operation in  
the questions of the six hour day  
and 30 hour week, and of the nation-  
alization of coal mines. Both  
articles of the British miners' pro-  
gram figure upon that of the Cleve-  
land convention. Favorable action,  
which is anticipated, is expected to  
react sympathetically upon the  
struggle across the Atlantic.

The convention was called to order  
by H. W. Raisse, on behalf of  
the Cleveland Federation of Labor  
and short speeches of welcome were  
delivered by Mayor Harry L. Davis,  
of Cleveland; John Lothinger, busi-  
ness agent, and John Moore, presi-  
dent Ohio Federation of Labor.  
Of greater significance upon the  
opening program, however, in  
view of the desire to secure the sup-  
port of organized labor everywhere  
for the Plumb plan for the nation-  
alization of the railways, was the  
presence upon it of Warren S. Stone,  
grand chief of the Brotherhood of  
Locomotive Engineers; Timothy  
Shen, acting president of the Broth-  
erhood of Locomotive Firemen and  
Enginemen; W. G. Lee, president of  
the Brotherhood of Railway Train-  
men and L. E. Sheppard, president  
of the Order of Railway Conductors  
who at a late hour has been added  
to those to extend a Cleveland wel-  
come to the convention.

The response by Acting President  
John M. Lewis of the United Mine  
Workers of America in the chair of  
the convention, owing to illness of  
Frank Hays, will inaugurate the de-  
clarations of the convention which  
is expected to last from two to three  
weeks.

## Illicit Whiskey Causes 3 Deaths In Cleveland

(ASSOCIATED PRESS DISPATCH)  
CLEVELAND, Sept. 9.—Police to-  
day were questioning a man and a  
woman believed to be the local agents  
for a Pittsburgh ring that has been  
distributing a poison concoction that,  
under the guise of whiskey, caused  
three deaths here yesterday. An anal-  
ysis of the spurious contraband was  
being made by City Chemist Knopf  
today.

Acting Coroner Zoul said that in  
view of the fact that the fatal mix-  
ture was shipped from Pittsburgh he  
would ask federal agents to help in  
the investigation. Zoul believes the  
mixture is a combination of wood al-  
cohol and berry juice.

## President of the Lima, Federation of Women's Clubs Heartily Endorses Times Subscription Price

And Incidentally Sends in a New Subscription  
For Herself For One Year!

LIMA FEDERATION OF WOMEN'S CLUBS  
Lima, Ohio, U. S. A.

Publisher Lima Times:

May I congratulate you on the move you have made in  
helping lower the H. C. of L. If many necessities were re-  
duced, one cent each day, we would soon see a difference.  
Many cities reduced the cost of bread to 8c during the war  
for one pound loaves and are still selling at that price, while  
many others have recently dropped the price to 9 cents.

I HAVE NOT BEEN TAKING YOUR PAPER FOR PAST  
TWO MONTHS BUT FEEL NOW THAT I SHOULD AGAIN  
TAKE THE PAPER I HAVE TAKEN WITH PROFIT FOR  
30 YEARS AND AM ENCLOSED CHECK TO PAY FOR  
THE TIMES ONE YEAR.

Sincerely Yours,

## Pershing Urged To Visit Ohio Elks Meet

COLUMBUS, O., Sept. 9.—John  
C. Price, attorney general and chair-  
man of the Elks State reunion com-  
mittee today sent the following mes-  
sage to General John J. Pershing:  
"Thirty thousand Ohio Elks urge  
you to honor them with your pres-  
ence at the annual reunion Ohio  
Elks Association at Columbus, Sep-  
tember 16 to 18.

"They are rejoicing at your safe  
return and are anxious to bid you  
a hearty fraternal welcome.

"Many of your boys will be here  
in person to revere the memory of  
the 'absent brothers' who could not  
return with you except in spirit."

## DEAD 8 YEARS, BUT ON WAY FROM FRANCE

ST. LOUIS, O., Sept. 9.—  
John Thayer, son of J. W. Thayer,  
was buried eight years ago. But  
he is on his way home from France,  
nevertheless.

About eight years ago the boy dis-  
appeared. A body was found and  
identified as that of John Thayer.  
Funeral services were held.

Now his father has received word  
that the boy is coming home from  
France where he has served two  
years with the American army. A  
big reception is planned for him.

# GOVERNOR COX PAYS TRIBUTE TO THE BOYS IN BLUE WHOSE EXAMPLE AIDED AMERICAN ARMY DEFEAT THE GERMANS

COLUMBUS, Sept. 9.—Plans for  
combining into one patriotic federa-  
tion all soldiers societies and  
auxiliaries are under way, accord-  
ing to Commander-in-chief Adams,  
of the Grand Army of the Republic  
meeting here.

Tentative plans, he said, call for  
the merging of the G. A. R., the  
confederate veterans, Spanish war  
veterans and veterans of the world  
war who are members of the Ameri-  
can legion.

President Henry D. Luedesley, Sec-  
retary Grenville Clark and Counsel  
Elihu Root of the world war vet-  
erans will come to Columbus this  
week, he said to talk over plans for  
the merger. Final details, it was said,  
would be worked out at a meeting  
of the American legion to be held  
November 11 and 12 at Minneapolis.  
Marshal Foch is expected to be the  
principal speaker at that meeting, it  
was said.

Governor's Tribute

COLUMBUS, O., Sept. 9.—It was  
the "Boys in Blue" of 1861-65 who  
also helped win the war against Ger-  
many. Governor James M. Cox told  
the veterans of the grand army as  
he officially welcomed them to Col-  
umbus last night. The town is over-  
flowing with veterans representing  
every state in the union, the esti-  
mates of visitors running as high  
as 35,000.

The Governor said the men of '61  
assured a united country without  
which it would have been impossible  
for America to have participated ef-  
fectively in the European war. Con-  
tinuing, the Governor said:

"The state that gave birth to  
Grant, Sherman and Sheridan bids  
warm welcome to you representatives  
of the great army which helped to  
add imperishable glory to their re-  
cord as military leaders. Ohio gave  
this distinguished triumvirate to the  
nation, but other states helped sup-  
ply the army which gave them their  
opportunity."

Noted Heroes Recalled  
Grant was untiring because  
the men who followed him would  
not fall back. Sheridan was wine-

ble because his army was unbeat-  
able. Sheridan was daring because  
his cavalry was as quick in action as  
was he in thought.

"In the name of our distinguished  
sons, we express what they would ex-  
press if they could speak from be-  
hind the stars.

"You men, or your immediate  
forebears, were of the period when  
muscle supplemented arm purpose  
in clearing the forests and building  
an enduring civilization out of the  
swamps. That experience made a  
rugged race of people, and as we look  
upon you we cannot but ask our-  
selves whether this country will pro-  
duce your like again. And yet you  
produced in your sons and grandsons  
a generation of soldiers that saved  
the world.

"If I were a Kentuckian, I would  
be persuaded in this connection to  
say that the stock gives evidence  
of breeding on.

"It may be that we look upon you  
with greater affection because the  
golden rays of life's sunset enable  
us to read by the lines in your faces  
the service that you have rendered  
for us, not only as soldiers in time  
of stress, but as citizens in main-  
taining a public one thousand per cent.  
American."

Impressed By Veterans  
"You impress me as men as unaf-  
raid to answer the call of the Great  
Commander as you were to respond  
to the commands of Grant, of Sher-  
man, of Sheridan, or of Thomas.

"And after all the period of the  
near approach of sunset has its com-  
pensations—the dawn of the morn-  
ing holds only uncertainty—sunset  
brings the realization of accomplish-  
ment."

"There is something more than  
the color of nature in sunset that  
appeals to our senses. How glorious  
it must be to you because every tint  
is fraught with the memories of the  
past, and yours has been a glorious  
past.

"You need not be told what you  
contributed to America, and, try as  
hard as I might, I could give you  
no appreciation by more word of

what the heart of Ohio would say if  
it could speak.

"Therefore, with a life service,  
honorably rendered and the guaran-  
teed undying gratitude of genera-  
tions to come, you should pass from  
this scene to the next with a hap-  
piness enjoyed only in rare epochs  
of human history.

"Race Is Not Yet Won"

"But your race is not yet won.  
We must lean upon you; must lean  
upon you in the days of the immedi-  
ate future, take counsel from your  
mature judgments and gain both in-  
spiration and resolution from your  
unalloyed Americanism."

## RUMANIA BALKS ON SIGNING TREATY OF PEACE WITH AUSTRIA

PARIS, Sept. 9.—The Rumanian  
delegation to the peace conference  
announced today that it would not  
sign the Austrian peace treaty, the  
signing of which by Austria and  
various other powers in interest is  
set to take place at 10 o'clock tomor-  
row morning.

PARIS, Sept. 9.—The supreme  
council of the peace conference will  
today draft a note to be sent to  
Germany, demanding the suppression  
of Article 61 of the German con-  
stitution providing for Austrian rep-  
resentation in the German parlia-  
ment, according to newspapers. It  
said the council considers the  
German answer to the council's note  
relative to Article 61 as insuffi-  
cient.

PARIS, Sept. 9.—Dr. Karl Ren-  
ner, the Austrian chancellor and  
head of the Austrian peace dele-  
gation who is to sign the peace  
treaty tomorrow for his nation ar-  
rived in Paris from Vienna this  
morning.

## MOB OF THOUSAND MEN ATTACK 200 ON WAY TO HAMMOND STEEL PLANT

## COMPROMISE PLAN ON TREATY SEEMS POSSIBLE IN SENATE

(ASSOCIATED PRESS DISPATCH)  
WASHINGTON, Sept. 9.—Further  
progress in their efforts at com-  
promise was seen today in the con-  
tinued conferences of leaders in the  
senate peace treaty controversy.

Feeling was said to be growing  
among unnamed ratification advo-  
cates that some sort of concessions  
would have to be granted to the  
opposition and efforts were being  
made to get the extremes on both  
sides to agree to the views of the  
so-called "mild" clause reservation-  
ists. Compromise resolutions were  
being circulated privately among  
senators.

The controversy will enter into its  
final stages tomorrow, when Chair-  
man Lodge, he announced, will pre-  
sent the report of his committee and  
at which time Senator Hitchcock,  
leader of the democratic minority,  
also likely will have his report ready.  
Real debate is not expected before  
Monday, however, when consideration  
of the report will be taken up on  
the floor of the senate. Delibera-  
tions are expected to extend over an  
extended period of many weeks.

## Pershing Guest At Reception by Order of Elks

NEW YORK, Sept. 9.—General  
John J. Pershing escaped a resump-  
tion today of the tumultuous wel-  
come that greeted him on his arrival  
from France yesterday, by remaining  
in his hotel apartment until time  
to review a small army of 2,000 boy  
scouts in Central Park this after-  
noon. The scouts were assigned to  
act as the general's escort in the  
park where 50,000 school children  
were gathered to sing patriotic songs  
and hear him speak.

Tonight at 8 o'clock General Persh-  
ing will be the guest at a reception  
tendered him by the Elks. He is a  
member of the El Paso lodge and a  
large delegation of Elks from that  
city and other lodges are here in his  
honor.

General Pershing will lead the pa-  
rade of the first division tomorrow  
mounted on his favorite sorrel horse  
"Kidron."

## Thieves Secure \$15,000 Worth of Real Whiskey

YOUNGSTOWN, O., Sept. 9.—  
Thieves early today broke into the  
warehouse of the Wire Welsh Com-  
pany, at New Middletown and stole  
19 barrels of whiskey, valued at  
\$15,000. They hauled the loot away  
in two motor trucks.

**CITY EMPLOYEES GET RAISE**  
ASHTABULA, Sept. 9.—City coun-  
cil last night granted wage increases  
of approximately ten per cent to  
practically every city employee. The  
action was taken following a request  
for more money from the depart-  
ments of engineering, police and fire.

**LIVESTOCK CHARGES**  
WASHINGTON, Sept. 9.—Revision  
of charges for livestock unloading  
at Chicago was forecast today in a  
tentative decision by an interstate  
commerce commission examiner  
who recommended that they be re-  
duced.

## Fourteen Thousand Miners Quit Work in Lackawanna Co.

(ASSOCIATED PRESS DISPATCH)  
HAMMOND, Ind., Sept. 9.—Five  
strikers were killed and 13 wounded  
today in a battle between 1,000 for-  
mer employees of the Standard Steel  
Car company and the police.

Two months ago 2,000 workmen  
at the plant went on a strike for in-  
creased wages and improved working  
conditions. Five weeks ago there  
was a riot between strikers and the  
police in which a number of persons  
were injured and as a result of his  
outbreak Governor Goodrich sent a  
regiment of the Indiana state militia  
to Hammond to restore order. The  
troops were withdrawn about two  
weeks ago. Yesterday 200 strikers  
returned to work and this caused  
considerable bad feeling among the  
men who refused to return.

Today when the 200 men were on  
their way to work a crowd of 1,000  
foreign-born strikers gathered in the  
street, several blocks from the plant  
of the Standard Steel Car company  
and threatened them.

Twenty policemen and twenty spe-  
cial guards employed by the company  
were rushed to the scene and the  
crowd was ordered to disperse.

The order was greeted with jeers  
and the men refused to obey. Cap-  
tain Ben Strong, in charge of the po-  
lice, then ordered the leaders of the  
mob arrested. When the police at-  
tempted to execute the command the  
crowd attacked the police and special  
guards with sticks and stones and  
several of the strikers drew revolvers  
and fired a number of shots, accord-  
ing to Captain Ben Strong. The po-  
lice then retaliated by firing about  
75 shots into the crowd, killing five  
and wounding fifteen strikers. Later  
the strike leaders were taken into  
custody.

None of the policemen or special  
guards was wounded in the fight.

**14000 MINERS OUT**  
SCRANTON, Pa., Sept. 9.—Four-  
teen thousand employees of the Dela-  
ware, Lackawanna and Western Coal  
company in its mines within Lacka-  
wanna county today obeyed the  
strike order of their grievance com-  
mittee. They went on strike in sup-  
port of the company's miners at  
Archbald who are protesting against  
the discharge of those who refused to  
do emergency work at laborer's wages.

**STRIKE IS VOTED**  
DETROIT, Mich., Sept. 9.—The  
national committee of the United  
Brotherhood of Maintenance of Way  
Employees and Railway Shop Labor-  
ers has been empowered, by the re-  
sult of a referendum vote of the mem-  
bership, to call a continent-wide strike  
if wage increases demanded of the  
United States railroad administration  
and Canada are refused.

Definite action will be decided up-  
on on the floor of the international  
convention being held here. If the  
rail administration submits its an-  
swer before the sessions close. This  
was announced by officers of the  
brotherhood this morning.

**OHIO WEATHER**  
Fair tonight and Wednesday;  
cloudy and cooler near Lake Erie.

# PASTORS PLACED IN WEST OHIO M. E. CONFERENCE LIMITS

Only One Change in Lima W. A. Deaton Replacing J. W. Holland

## MANY CHANGES MADE

Ministers Vote Against Admitting Laymen to Sessions on Equal Terms

FINDLAY, Sept. 9.—Many changes in pastorates were made last evening at the West Ohio Conference of the Methodist Episcopal church. Bishop William F. Anderson, Cincinnati, read the list of appointments at the closing session.

During the war it was the policy to make as few changes in pastorates as possible, it was pointed out, but with the war over changes were announced in a large number of places.

By a vote of 203 to 38 the Conference decided against admitting laymen to its sessions on practically equal terms with ministers. The matter was presented in the form of a memorial from the last general conference. Laymen at their session last Friday had voted unanimously in favor of the proposition. The min-

# LIMA LADY ALMOST FELL DOWN STAIRS ON TWO OCCASIONS

Suffered From Vertigo, Dizzy Spells and a General Lazy Liver. Had to Support Her Back With a Pillow on Account of Backache

Now Declares Her Troubles Are Relieved Since Taking The New Medicine, Dreo

"I suffered so from dizzy spells and vertigo that I almost fell down stairs on two occasions. My back ached so bad that I had to prop a pillow or cushion against it when I sat down," are the words of a well known lady—Mrs. S. D. Campbell, of 206 N. Elizabeth St., Lima, O.

"Several of my friends were so highly pleased with Dreo, they persuaded me to take it, and I honestly believe it has been my salvation. I feel like an entirely different person. I lost my appetite and began to get into a highly nervous, run-down condition, and got so I didn't even want to look at anything to eat, for the smell and even the sight of cooking made me sick. To get a good night's rest was simply out of the question, and I would lie awake and roll and toss and moan, and then would feel much tired than when I went to bed the night before. I managed to keep on my feet, but many a day it would have felt good to have gone to bed. I was almost a nervous wreck, with out energy or strength. Sometimes I felt as though I would as soon be dead as alive. As I have said, several of my friends kept after me to try Dreo, so I finally consented, and I honestly think it was the only thing that saved me. I am feeling strong and well again and sleep like a rock, and can hardly get enough to eat. My nervousness has entirely disappeared, also the constipation. Dreo is a wonderful medicine and every one should know about it."

Dreo, the new herbal system tonic, tones up and strengthens the nervous system; invigorates the entire body; removes all impurities from the blood; restores energy and vitality; tones up the digestive organs; puts the stomach in good condition; stimulates the sluggish liver; strengthens the kidneys; and soothes tired nerves.

Mr. Stout, the well known Dreo expert, his headquarters at Baldwin's Central Drug Store, to meet the local public and explain the merits of this great remedy. See him today.

# KING ALBERT TO VISIT OHIO ON AMERICAN TOUR

To Be Accompanied By Queen Elizabeth and Youthful Crown Prince

## WHITLOCK, CHAPERON

Many Social Engagements Being Arranged For Royal Guests

WASHINGTON, Sept. 9.—For the first time in their lives the people in Ohio and other states may have an opportunity to see a real live king, to say nothing of a very sweet and gracious queen, and a crown prince who is as full of life and fun as any untitled American youngster.

King Albert of Belgium, his queen consort and their son, the Belgian crown prince, are the royal personages who are scheduled for a tour through the states, chaperoned by Brand Whitlock, United States minister (soon to be ambassador) to Belgium.

Schedule Not Complete  
The return of President and Mrs. Wilson from their tour of the west, near the end of September, will be the herald for the coming of their first royal visitors, preparations for whom will be made in the president's absence, unless King Albert and Queen Elizabeth take occasion to tarry in New York, they will arrive in Washington very shortly after the return of the president and perhaps not until then will the final program for the royal visitors including a tour of the country, be given out. Meanwhile, Minister Whitlock is going ahead with preparations based on the theory that the king and queen will want to see America in a thorough way.

The tentative tour that he is mapping out includes many cities and extends clear to the Pacific coast. Three large social functions at the national capital in honor of the king and queen already have been planned. They include a dinner and reception at the White House by President and Mrs. Wilson, a dinner and reception at the Belgian embassy and a dinner and reception with Vice President and Mrs. Marshall as hosts.

Society All Ago  
Washington society is all agog over the coming entertainments, an invitation to any one of which will be considered to establish the recipient's place in society. It is not putting it too strongly to say there are social climbers who would cheerfully part with a small fortune if that would insure to them an invitation to any one of these functions, especially to the White House dinner.

The Belgians recently raised their legation in Washington to the dignity and importance of an embassy, and it will be the center of social attraction during the stay of the king and queen in this country. The establishment of a new embassy in Washington is always attended with deep interest but never was an ambassador so interested in the national capital under such auspicious circumstances as with the coming of a king and queen.

# Liquor Selling Comes High Over in Canton

CANTON, O., Sept. 9.—Nick Datsch entered a plea of guilty to the charge of having sold intoxicating liquors. He was fined \$300 and costs. Following his conviction five others entered pleas of guilty to violating liquor laws and were fined from \$150 to \$200 each. The state nets \$1,095.70 from the roundup. Warrants have been issued for eight more alleged violators of liquor laws in Canton.

COTTON MEN TO ORGANIZE  
NEW ORLEANS, La., Sept. 9.—Cotton producers from 10 southern states at a meeting here today decided to organize a buying corporation in every country and parish in the belt with the object of buying every bale offered them holding the stable until the minimum price, to be recommended by a committee of growers, was offered.

SOMETHING LIKE LIMA  
ASHTABULA, O., Sept. 9.—This city has not one home for rent and many prospective residents are deterred from coming here on that account. Storage room for household goods cannot be obtained. About 200 new houses are under construction and there are being purchase in most cases before they are enclosed.

MEETS HORRIBLE DEATH  
CANTON, Sept. 9.—Charles W. Martin 14, attempted to walk from pole to pole on a telephone cable. He slipped and fell. To break the fall he grabbed a high tension electric light wire and was electrocuted. After the current was turned off members of the fire department released the body from the wire.

POSSE AFTER SLAYER  
ATHENS, Ga., Sept. 9.—Armed posses estimated in some quarters to number 600 men and boys, aided by bloodhounds are beating the countryside in an effort to capture Abe Cox, negro accused of attacking and then beating to death the young wife of a farmer near Lexington.

NOT SO OLD AS SHE LOOKS.  
Women do not like to look older than they really are. Neither do men. Both sexes are subject to kidney trouble, and kidney trouble makes the middle aged look old. ## BOOST THE FAIR

Business men of Lima and citizens generally have the opportunity tomorrow to give a healthy "boost" for the Allen County Fair, which both deserves and needs the encouragement of Lima.

There is no use to deny the fact that in times past Lima has not aided the county fair as it should. Possibly the directors of the fair were at fault as much as the people of the city, we won't argue about that, but now both directors and Lima people are anxious to make up for lost time and do all in their power to make the Allen County Fair equal to the county expositions held in Greenville, Dayton, Wapakoneta, Troy and other Ohio cities.

The Chamber of Commerce is giving a parade tomorrow at 1 o'clock. Every business man in the city should be in line with his automobile and every resident who can spare the time should also make it a point to be at the Masonic Temple at the designated time.

To form a big parade, go about the city for a few minutes and then head for the fair grounds required but a very little time even from the busiest of days.

Drop your business for at least an hour tomorrow, get in the parade and show everyone that Lima stands for the fair. And better yet, spend the rest of the afternoon at the fair. It will do you a world of good and Thursday you will find your business will go along just a little bit easier for the temporary respite.

## THE PRESIDENT ON TOUR.

Mr. Wilson goes to the country with his plea for support in making peace just as he went to the country with his plea for support in making war. He strikes the keynote of his journey's intent in his Columbus speeches when he says, "The only people I owe any report are you and the other citizens of the United States." In keeping with the constitution and the unbroken precedent of 110 years, the president upon his return from the peace conference had before the senate the document he and his fellow conferees had negotiated. The privilege of the senate was to ratify, reject or amend. During the ten weeks that have elapsed since the submission of the document none of these courses has been pursued. The treaty has been in the hands of the foreign relations committee a body whose majority has simply "jockeyed" with it and made its provisions the basis of appeals to partisanship and prejudice. There has been debate on the floor of the senate, but neither voting nor constructive suggestion. Among the ranks of the treaty's opponents, there has been no unanimity of counsel. One group stands for unreserved ratification, another for ratification with "intimations" added as a supplement another for amendments written into the text; still another for rejection of the entire document. There is no group of senators strong enough to carry the treaty; there is no group strong enough to amend it or adopt it with reservations; there is no group strong enough to reject it. As a result, with the foreign relations committee dawdling away weeks while the European volcano threatens momentary eruption, the whole great subject of peace remains at a standstill.

In such a case, the only recourse of the president, as head of the nation and responsible arbiter of its foreign relations, is to ask for the judgment of the people. There may be division of sentiment among the people as to the merits of some portions of the treaty, but one thing is absolutely certain: THE PEOPLE WANT PEACE. They want a return to normal conditions, both at home and abroad, as soon as it can be brought to pass. They want the menace of Bolshevism in Europe banished; they want starvation and misery in the war lands alleviated; they want the chances of Germany's "come-back"—daily growing more dangerous—thwarted; they want the remaining 500,000 American boys brought home. The American people are not interested in the political by-products of the peace discussion; they are not deceived by hypocritical grief over Shantung nor appeals to anti-British rancor. THE PEOPLE WANT PEACE.

We can never have peace thru any device of the present treaty's opponents. They themselves cannot agree on any plan of peace. They have nothing whatever to offer in place of the treaty which they are opposing. The very best we could hope for, in case of the rejection of the present treaty or its amendment in any vital particular, is another

long period of negotiation, with no assurance that the second arrangement would be more acceptable than the first. There is no assurance—indeed, no remote prospect—that the powers, which co-operated with the president and his fellow commissioners at Versailles would make any important concessions to a second American commission.

Mr. Wilson is justified in his appeal to "headquarters." That this appeal is already having its effect is evident in the sudden anxiety of the obstructionists to get the treaty out of committee and to put up an appearance of activity on the floor of the senate. That it will have still further effect nobody who realizes the weariness of the people with the partisan turmoil at Washington can have any serious doubts.

## "JUST A LAWN PARTY."

Will Irwin, the war correspondent, says that in comparison with the next war, if over we have another, the great world's war was only "a lawn party." He goes on to show how the war was growing in frightfulness every week, and he mentions some of the mechanisms of destruction that were being worked out—all of which facts are familiar enough to all of us. So it isn't necessary to take issue with him in any particular.

It is about as certain as anything can be that within another year it would have been possible to destroy such cities as Paris and London and Berlin in an hour. We ourselves were preparing a gas that would have destroyed every living thing over wide areas of territory. Had the war continued a year longer, instead of having casualty lists carrying thousands of names, we should have seen lists bearing the names of hundreds of thousands killed in a single day. In fact, by the end of the year the allies would have been in position to have wiped out German armies between seas and it is reasonable to believe that the Germans, had they not been wiped out between seas, would have been about as destructive to the allies.

The nations of the earth are not going to forget the present war. They are not going to stop with the invention of mechanisms of destruction. The advancement being made in aircraft is enough of itself to assure us that the next war is indeed going to make this one look like "a lawn party."

A prominent German said the other day that Germany's big mistake was in beginning the war at the time it was begun; that there should have been enough aircraft to end the struggle in Germany's behalf in a week. He knew now, and Germany knew now, that it would have been possible to have built air fleets within a single year powerful enough to have destroyed half the inhabitants of France and England in a single night—and he intimated that the next war would be fought more successfully by Germany.

## IN HIGH GEAR.

It is about time we were going into "high gear"; otherwise other communities will pass us. We have gotten along pretty well as a city up to the present in "second" but it is now time to go into "high." Other communities are doing so and we can not afford not to do so.

The war is over. The year three-fourths gone. It is known now that fried chicken isn't going to drop from the trees and that poverty is not going to settle down upon us. "Something to happen" can now go about their business; nothing is "going to happen" except that which we cause to happen. The world is not going to be blown up, neither is it going to give us a harvest without some effort upon our part.

It is foolish to wait longer to see what is going to take place. To put off building or buying in hope that prices will "come down," to refuse to make contracts for fear of labor conditions or price of material, to look further for a job that pays as much as the war-time jobs—all of that is keeping the country back. It is refusing to throw the machine into high gear when the road is smooth and straight and without an incline in it.

In spite of the fact that we believe the world is growing better day by day, there is considerable material testimony to the fact that more trousers are worn out in the seat than on the knees.

## WHAT YOU SHOULD DO TO AVOID TUBERCULOSIS—KEEP WELL!

By DR. LEONARD KEENE HIRSHBERG  
A. B., M. A., M. D. (John Hopkins University)

A hale cobbler is a better man than a sick king. This accepted fact has been suddenly put in real action by Asst. Surg.-Gen. W. G. Stinson, and his coworkers of the United States public health service.

The knowledge that ought to be stored thoroughly in the minds of all Americans with a public school education is now to be put into actual practice.

A postcard addressed to the United States Public Health Service, Washington, D. C., will bring you from time to time booklets of the "Keep Well" series.

As a rule, you will confess that health, smiles and good humor are to you as sunshine to vegetation, yet you seldom smile, exercise and live a free, wholesome life. You are, in general, indifferent until a boil on your neck, a troublesome tooth or a fallen arch sends you with navy plane haste to a doctor. Yet you could have prevented your misfortune and your pain.

## Avoiding Tuberculosis

Make sure that your lungs are carefully examined. Remember that this cannot be done unless the chest has been entirely uncovered. Therefore have no confidence in a doctor who examines your lungs through your clothing or, worse still, prescribes for your cough without even examining your lungs.

If there is any suspicion of tuberculosis your sputum should be examined microscopically. This is usually done free of charge by the state board of health. Your local health officer will help you to get the examination made.

Fresh air is as necessary to health as pure and nourishing food. Home- and work-hops must be clean and thoroughly ventilated. Dirt and impure air are allies of tuberculosis.

Persons with colds or coughs of long standing, or persons who are losing in weight or strength should consult a doctor or go to a dispensary or clinic. It is dangerous to wait.

Careless expectoration spreads the disease. Sick persons should burn their sputum.

Though no one should ever sleep with a consumptive, a careful consumptive is not dangerous to those with whom he lives and works.

## Courteous Fresh Air

The large majority of people probably have had tuberculosis in their systems, but they do not become sick with it because they take good care of their general health and strength.

Always cover your mouth and nose with a handkerchief when you cough or sneeze, and insist on others doing the same.

When you come in from outdoors and find the air in your rooms stuffy and foul-smelling, open the windows wide and let in plenty of fresh air from outside. Open the door, too, so that the fresh air can freely enter.

Become a fresh air crank—even at the risk of being disliked. Better a

## Short Stories of the Buckeye State

## PREHISTORIC COMMERCE

In the exploration of the ancient earth work on Flint Ridge in Licking county by the state archaeological and historical society, a large copper plate was found supporting the head of the skeleton uncovered there.

It was fashioned by hand and evidently was one of the valuable ornaments of the individual with whose bones it was found. Such ornaments of copper have been found in other explorations in this state and elsewhere and the relic is valuable anthropologically as definitely connecting the civilization that produced this earth-work with that of other parts of the country.

But with other such copper inclosures this tends clearly to establish it that there was commerce among the prehistoric people whose handiwork these things are. They did not know how to reduce metals from ore nor did they melt copper. Their copper implements were evidently beaten into shape from nuggets of copper, and no native copper was to be found nearer to Ohio than the Superior shore of Wisconsin.

Unquestionably then the copper used in making the design found in the Ohio mounds was shipped in the rude facilities of the time from northern Wisconsin and traded in by the people of this and presumably other distant parts of the continent. There must have been also an industry that produced the ornaments—a trade in which no little skill was acquired, for many of the designs are fairly accurate in fashion, which is all the more remarkable when one remembers that they had only stone hammers with which to beat the copper into shape.

Not only do extensive openings in the flint beds on the Licking county ridge show that there was an industry and commerce in the making of flint implements, but archaeologists in their explorations here and in other places in the middle west have uncovered thousands of unworked pieces of flint, far from any deposit of such rock—storehouses it may be safely presumed where the raw material of the implement makers could be secured, transported in some way

Carbolic acid ..... 10 drops

Tincture of benzoin ..... 10 drops

J. J. M. Q—Please tell me what to do for running ears.

A—Irrigate the ears, every three or four hours with warm boracic acid water, also irrigate the nose and throat twice a day with alkaline antiseptic fluid diluted three times in water.

## OUR BED-TIME STORY FOR THE TIMES-DEMOCRAT FOLKS

Jack and Jane had arrived in the little Swiss valley when it was its prettiest—summertime. The little fields were just like bright green oceans. Flowers of all shades, from palest white to bright and dark red, bordered the fields and almost hid the houses. The hay in the meadows was almost ready for cutting. Swiss people are very careful with their meadows for without hay the cattle would starve to death over the long, cold winters.

Above the meadow lands, on the

mountain sides, Jack and Jane saw great forests. They seemed to keep the snow away from the little valleys.

"On one side of the woods there is winter and on the other its summer," said Jack as he gazed up the mountain sides.

"That's really so," said Captain Brave. "Tourists who come here can remain in the valleys and enjoy nice summer weather or they can stay at the hotels up on the mountain, with coasting and skiing."

The Swiss government takes good care of the forests, partly to protect

from the distant quarries. It is easy to believe that some far-sighted and energetic men among those ancient people, controlled the primitive shipping facilities, secured corners among their people on these commodities and found the means of making themselves the trust proprietors of their times.

the folks in the valleys. You see, sometimes great fields of ice and snow high up on the mountains break loose and slide down the mountain sides. As they go along they start more snow and ice until thousands of tons are rushing down towards the valley below. If it were not for the trees the snow would come straight down to the little villages, crush houses and kill hundreds of people. But the snow can't push through the forests. So it has to stop.

"So, you see, if the government allowed folks to cut down the forests everyone else would be in danger. But the government tells everyone each year just what trees can be sawed up for lumber and firewood. During the winter these trees are sawed up into logs and in the spring, when the mountain streams have lots of water, the logs are floated down to the valleys and hauled to the houses."

Just above the forest, though, the children could see more green pastures. Captain Brave explained to them that these fields were used during the summer as feeding places for cows and sheep. As soon as these fields are green each summer the cattle and sheep are given up to them and are kept there while the hay on the meadows down below is allowed to ripen and then is harvested for the winter.

"Some day we'll go up to one of the pastures and visit the shepherd who watches over the animals all summer long while they are feeding up there," said Ladydear.

Jack was interested in the forests, sheep, shepherds, and other things, but he was more interested in what Captain Brave had said about coasting places and what skiing was. But you'll have to wait until tomorrow to hear what the captain told him.

## VAN WERT

YOUNG MAN VICTIM  
OF CRIMINAL JOKER

VAN WERT, Sept. 9.—George Dilts, son of Mr. and Mrs. Amos Dilts, of West Main street, died Monday at his home at Dayton, where he was employed as a machinist. The death of Mr. Dilts was due to a practical joke upon the part of fellow workmen, who employed compressed air in their idiotic sport with the result that his lower bowels were punctured by the force of the air. He was aged about 35 years and is survived by his wife and five children. The funeral arrangements have not been made.

Examinations will be held in Van Wert, October 18, for the purpose of selecting two cadets and two alternates for the West Point and Annapolis academies. The appointments will be made by Congressman Thompson. Applicants must not be under 17 or over 22 years of age for West Point and not under 16 or over 20 for Annapolis.

Rev. Daniel McGurk, who has served the Walnut Hills Methodist church in Cincinnati, will be assigned to the First Church of Van Wert, at the closing session of West Ohio Conference. Rev. McGurk will succeed Rev. Jesse L. Corley who will remove to California. Rev. Samuel R. Dunham, who served in Van Wert, temporarily is to be assigned to Wauseon.

Mrs. William Baer died at her home on South Vine street, Saturday afternoon following a surgical operation. She was for many years a resident of Pleasant township, but for the past year and a half has made her home in this town. She was aged 63 years and is survived by her husband and six sons, E. P. Baer, of Havre, Mo.; A. V. Baer, of Phillipsburg, Mo.; V. W. Baer, of Lima, West; W. M. and L. R. Baer, of this town.

## DELPHOS

BABY INJURED IN  
AUTOMOBILE CRASH

DELPHOS, Sept. 9.—Mr. and Mrs. Ernest Pollock and nine months old baby, of near Middle Point, met with an accident while driving home from the Van Wert fair. Their horse became frightened and threw them out of the buggy. Mr. and Mrs. Pollock, although they received no injury, were badly shaken up, and the baby's leg was broken.

Bishop Joseph Schrembs will visit Delphos on Sunday, October 12, according to an announcement made at St. John's Catholic church, Sunday. A large class will be confirmed at this time. Every effort is being made to complete the improvements now in progress at the church by that time.

Forty-Hours Devotion services will be held at St. John's church beginning on Sunday, September 28.

The local boys who are reorganizing the Maroon football team held another practice at the Cleveland street grounds Sunday afternoon. The interest in the movement is growing and from all indications, the boys will have a good team. They expect to book a number of games for this fall and are going into the matter with the intention of winning.

The schools of Washington and Marion townships opened for the new term Monday, Sept. 8. This date is set for the opening of the Washington township schools so as to give the pupils as well as the teachers in the schools of the township an opportunity to attend the Van Wert County Fair.

## MUMMAUGH FUNERAL

Funeral services for Isaac H. Mummaugh, retired farmer and father of Dr. Shelby Mummaugh who died suddenly while eating dinner at the home of his daughter in Harrod Monday noon, will be held Wednesday afternoon at 2 o'clock at the First Baptist church. ## OTTAWA

NOTABLES INVITED  
TO PUTNAM CO. FAIR

OTTAWA, Sept. 9.—The funeral of Mrs. Angela Rueve, 80, former Ottawa lady, who died at the Sisters' home, Toledo, will be held here, Tuesday a. m. That of Jas. Halker, 64, Wednesday a. m.

The Putnam county rural schools are short a number of teachers. Kalida high school needs a teacher. At a meeting of the district superintendents with the county superintendent, a unanimous vote was given to teach civil government and patriotism. Tarkington's "My Country" adopted as a text. A new law requires this, together with the teacher's oath of allegiance, and the floating of a flag from each school house. Vaughnsville and Leipsic have a Smith-Hughes agricultural teacher. The enrollment in the Leipsic high school on the first day was 142, largest in the county, probably due to the agricultural teacher, as most of these pupils are from the country.

The Putnam county fair will be on Oct. 7-11. Admission, 35c.

Robert T. son of Abraham Lincoln and Jno. Schell of the Kentucky mountains, 131 years old, have been invited for Victory day, when all old and young soldiers, wives, widows and mothers will be admitted free. Mr. Schell has a daughter 87 years old. He lived with one wife, 100 years. Was 11 years old when Washington died. Tried to enlist in the Mexican war but was too old. Airplanes will run a livery, \$1 per minute. Sgt. Alvin York, of Tennessee has been invited for Victory day. Almost single handed, he killed or captured 100 Huns during the war.

Married, S. S. Peter and Paul's church, Tuesday, Miss Florence Schierloh, Ottawa and Rudolph Root, Glandorf. On Thursday a. m. the marriage of Miss Frances Eberly and Wilbur White will be solemnized at the same church.

Kalida will have a Farmer Institute, this winter.

Jno. Narkter at Kalida fractured two bones in a foot, when a piece of timber fell on it, while working in a mill.

A large crowd was in attendance at the Pioneer Picnic held at Kalida, Monday.

The various literary clubs of the village will resume study in October. The Ladies' Gontinnal Book club, Oct. 8th. Others the following week.

MEXICO CONSIDERS  
IMMIGRATION PLANRepublic Expects Million  
Colonists From Europe  
and Asia

MEXICO CITY, Sept. 9.—How to make homes for a million prospective new colonists, how to make these persons fit into the scheme of life here and how best to distribute them over the republic are questions of immigration receiving the attention of a special commission appointed by President Carranza.

According to data collected by this Committee on Article of First Necessity, one million persons will migrate from various European and Asiatic countries to Mexico within the next year. They are expected to leave their active lands because of disrupted conditions due to the war.

Communications received here from England, France, Germany and Russian indicate that colonists of those nationalities are already being formed and will embark for Mexico at an opportune moment.

Luis Luderty Rul, president of the investigating committee, has been quoted as saying that Mexico welcomes all dependable colonists.

The committee has made no announcement as to the location of the various colonies; whether they are to receive grants of land or are to be assimilated among the natives. It is believed, however, that there is sufficient undeveloped land in the republic to accommodate all home-seekers and that equitable distribution will be made as occasion demands.

Lower California at present appears to be the goal of a large number of repatriated Mexicans who for the past few years have been living in the United States. El Democrita asserts that within the next few months 5,000 new Mexican families will be established there.

## DOUBLE WEDDING

The first double wedding for many a day was that solemnized Tuesday morning at eight o'clock when Miss Catherine Schirmer became the bride of Francis Erasmus and her sister, Miss Annette Schirmer was wedded to Frank Mueller at St. Rose church, the nuptial mass being celebrated by the Venerable A. E. Manning.

There has never been a prettier wedding, and as Miss Catherine hand-maidly gown in buff colored georgette and carrying yellow roses and her sister, Miss Annette in pink georgette with pink roses entered the church all was solemnly hushed. The brides both wore dainty veils of white not caught with roses of the same shade as they carried.

Following the ceremony, the wedding party repaired to the home of the bride's parents, Mr. and Mrs. Charles Schirmer, where an elaborate wedding breakfast was served at ten o'clock. Throughout the house there was an abundance of smiles, which was used exclusively in adorning the table, perfect in the appointments.

Covers were laid for the brides and bride-grooms, Mr. and Mrs. Charles Mueller, of Delphos, Mr. and Mrs. Albert Erasmus, Mr. and Mrs. Sylvester Mueller, Mr. and Mrs. Arthur Mueller, Mr. and Mrs. V. G. Gensler, Mr. and Mrs. E. I. Muller, Mr. and Mrs. Leo Mueller, of Delphos, Mr. Frank Schirmer and sons, Frank and Lawrence and daughters, Agnes and Marie, of Cincinnati, Leona and Gertrude Hunter, of Dayton; Mr. and Mrs. Joseph Zink, of Dayton; Dower Baker, of Montone, Ind. Schwartz, Lois Ruser, Emma Peter, Marie Baker, Ina Cook, Huber Morris, J. Herman.

In the afternoon Mr. and Mrs. Erasmus left for Grand Rapids, Mich., where they will be guests of Mrs. Erasmus' relatives, while Mr. and Mrs. Frank Mueller left on an extended motor trip through Kentucky and the south.

Mrs. May Bolger, of East Market street, is leaving the latter part of the week for New York, where she will remain for the winter.

Mr. and Mrs. Walter H. Clark, and son, Clayton, of South Baxter street, will return Wednesday from Pittsburgh, Pa., where Mrs. Clark and son, have been spending the summer. Mr. Clark left last Friday to return with them, stopping at Atlantic City and other points of interest in the East.

Miss Mary James, of Altoona, Pa., is the house guest of Mrs. Will Johnson, of Albert street.

Carl Paul and Gibson Schurr, of Botha, spent Monday at the home of Mr. and Mrs. Louis Zimmerman, and family, of West McKibben street. Mr. Paul will enter Ohio Northern, at Ada Tuesday and Mr. Schurr left for Columbus where he will take up his studies at Ohio State this year.

Donald Role, of North Metcalf street, left Monday for Ada, where he will enter Ohio Northern, this year, specializing in the Electrical course of the college.

Miss Wilhelmina Spelack, of West North street, will leave in the near future for Cincinnati where she will enter Mt. St. Joseph. On the Ohio for the coming year. She will resume her study of music.

Mr. and Mrs. C. C. Ludwig, of Marion township, have been visiting their son and wife, Attorney and Mrs. E. E. Ludwig, of West Market street. They have now motored to Monroe township where they are guests of Mr. and Mrs. Dwight Campbell. Mrs. Campbell is a daughter.

## A Chance to Live

(By Zoe Beckley)

### THE FLESH SUCKERS

When they reached the flat Bernie was not lying on the couch, but standing in the middle of the room, his hair rumpled, his lips apart and a queer light in his eyes.

He started toward them, but lurched against the table so hard that the dishes hid to supper, rattled sharply. Rousing himself, he walked forward again but bumped into the wall. The young doctor steadied him by an elbow and sat him on the couch, looking closely into his face. The baby in the bed-room cried suddenly. Anne started from her trance of anxiety and went in to soothe him.

As she held Robbie to her breast a sudden, terrifying premonition of trouble flashed to her. It lasted but a moment. At that moment it was as if a vision of millions of suffering, helpless people passed before her eyes—people whose struggle to live was neither understood nor sympathized with, people who had never had a chance, dirty, unattractive people, all people old people, thin babies with big eyes that looked out pitiously upon a mystifying world of privation, people with dull faces and work-hardened hands, ragged people, bearded old men and shawled women with faces sorrow-lined. The word "POVERTY" struck upon Anne's ear as though some one had shouted it. "INJUSTICE" followed, hitting her like a blow on the heart. She had always known these things. Yet suddenly a new meaning clothed them, a sympathy and understanding newborn.

Were she and Bernie and Robbie to have a place in that procession of suffering, helpless humans? Was it going to be impossible, for all her good intentions, to keep her home clean and cozy? To keep her loved ones fed and clothed and warm? To keep herself neat and helpful? To

## XXVIII.—ALICE PHONES ME

Reviewing the evening over my coffee next morning, I told myself that I had done very well indeed. Without telling a flagrant untruth, which could have been checked up against me, I had given Bob Calloway the impression that I was married to a brute—not a drunkard or a wife beater or anything crass like that, but one who neglected me for business, misunderstood me, and crushed out all the sweet girlish spontaneity of me. To fill my empty life I went about with shallow women and men who, naturally misunderstanding, subjected me to embarrassment and sometimes insult.

It was old stuff and a bit cruder than I would have selected had I had more time to prepare my role, but it was proof of Bob Calloway's single straightforward code that he accepted it unreservedly. I had won his sympathy and awakened his interest at one stroke—which was not such a bad evening's work, particularly as I had enjoyed my impromptu histrionics.

"Will you be home to dinner, dear?" I asked Paul, who was deep in the morning papers.

"I'm afraid not, sweetheart. I hate like thunder to leave you alone so much, but we're having an important conference every night at eight and I don't ask you to dine so early."

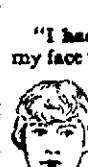

"It's really very lonely," I admitted. "I think I shall ask Mrs. Carlton and George Wharton and—and a few others to dine with me to-night."

"Do," urged Paul, "and I'll order you a box for that new musical play they're trying out this week."

"You're such a dear. I can hardly wait till you've got things in shape

## REVIVAL SERVICES OPEN AT CHRISTIAN ALLIANCE CHURCH

Rev. Jos. Hogue

Beginning with this evening the special evangelistic meetings will begin at the Christian and Missionary Alliance church at 539 South Elizabeth street. Rev. Joseph Hogue of Minneapolis has been engaged as the evangelist. Rev. Hogue arrived this afternoon from Chicago and says he is looking forward to a great revival here.

The meetings will continue every night during September and additional services on Sunday at 10:30 a. m. and 3:00 p. m.

While the services are advertised to begin at 7:30 yet each meeting will be preceded by a half hour prayer service, commencing at 7:00 o'clock. Come early.

## HOME SERVICE WILL HANDLE WAR RISK CALLS HEREAFTER

The announcement is made thru the local section of the Red Cross Home Service, that hereafter all cases of war risk matters, which have heretofore been handled by the 14 national organizations, will be handled now solely thru the Home Service. The purpose of each organization is for service to soldiers, sailors and marines in the speedy and satisfactory adjustment of their cases.

It is more desirable however that one bureau handle everything in that nature, and hereafter all questions are to be referred to the Home Service of the Red Cross, thru the local section. The 14 organizations which have turned over their work to the Red Cross are: American Legion, American Jewish Relief, American Library Association, Boy Scouts, Jewish Welfare Board, Knights of Columbus, National Catholic War Council, National Council of World War Veterans, National Tuberculosis Association, Salvation Army, War Camp Community Service, Y. M. C. A. and Y. W. C. A.

## Fair Week Visitors

The Fair which will be held in this vicinity all through this week, promises to be a grand success. Thousands of people of every caste and class from near and far are now planning to take in the sights and recreate mid the various pleasures and pastimes it will have to afford.

No doubt you will be among the many who will travel to revel in its enlivened surroundings and indulge in some of its unusual pleasures and enjoyments.

You will probably want to have some friends along with you for company's sake if for no other reason and would like to have some designated place in town to meet them before taking in the festivities. If so, would you care to utilize our store for this purpose? We certainly would be delighted to have you do so. We cordially invite you to. We would consider it a favor indeed to have you use it for whatever purpose you see fit while you are in this neighborhood. We place it entirely at your disposal.

The acceptance of this invitation by no means, we wish to assure you, places you under no obligation to purchase anything from us. We did not issue it to you with that intention. But if of your own accord you see fit to make a selection or two you will find plenty of splendid values on hand to make it well worth your while.

Full and complete lines of new fall stocks will be everywhere in evidence and a wonderful range of choice will accept you at every turn.

## AMUSEMENTS

## FAUROT—ETHEL CLAYTON

That consummate actress and decidedly pretty woman, Ethel Clayton, is scoring another big hit at the Faurot in her newest photoplay, "Vicky Van."

Here's a picture that is meant to be a novel. Such is the thought that comes to mind when you see it, and lo! a careful study of the announcements preceding the picture on the screen reveals the fact that it is a novel—that Marion Fairfax has adapted it from "Vicky Van" one of the best detective stories turned out by that gifted and popular writer, Carolyn Wells.

When Miss Fairfax got through turning out a workman like scenario, Robert Vignola took a hand at directing and the result is this Paramount picture in which the gifted

Miss Clayton has no trouble in making a great big hit. It is a detective story of the most acceptable and appealing kind. Full of mystery, adventure and romance. It makes capital entertainment for anyone who ever looked at a screen. The cast is admirable and the production likewise. "Vicky Van" is accompanied on the Faurot's program by the Pathe News and James Montgomery Flagg's clever comedy, "Oh, Judge! How Could You? Again tonight and tomorrow."

## FAUROT—"Watch Your Step"

An up-to-the-minute musical play is what one will see when Irving Berlin's international syncopated success, "Watch Your Step," comes to the Faurot next Thursday night to open the theatrical season at Lima's historic playhouse. The show is here for a limited engagement of one performance in which there is plenty of hurry-up music sung and danced, to a number of specialties, an interesting plot, clever principals and some very beautiful costuming

on the part of the young ladies of the chorus.

It is not a "number two" show, there being only this one company on tour and an entirely new production has been provided for this season.

## FAUROT—"Kiss Me Again"

A mere glance at some of the names of the people in the cast of "Kiss Me Again," which will appear at the Faurot next Saturday will convince one that this is a musical show of more than ordinary promise. The star is Frederick V. Bowers, that delightful light comedian and famous composer, whose work in such productions as "The Sweetest Girl in Paris," "The Ham Tree," "Commencement Days," "His Bridal Night," "I'm So Happy," has made him a favorite with the theatre-going public. The supporting cast includes Alma Youlin, Pierre Young, Mark Lindner, William De Vere, Frank Warner, Rae Warner, Rose Kessner and others. In addition to being of musical strength, the show is unusually rich in its comedy situations and in the sprightliness of its dialogue. One of the features will be Bowers' own symphony orchestra.

## ORPHEUM.

The Orpheum bill the first half is full of singing, dancing, music and novelties. Staley and Birbeck company have a distinct novelty in which some quick changes of scenery takes place, the act contains much music and without a doubt the best real novelty shown at the Orpheum for some time.

The whole show shows class and despite the hot weather went over big with good houses. This bill closes Wednesday night, matinees daily at 2:30, evening shows at 7:30 and 9:00. Entire new show every Monday and Thursday.

The SLOTTED FIRE-POT converts all coal into gas, leaves no clinkers, and gives forth a heat as hot as the eternal regions. Boiled down, the argument for the Moore's Air-Tight Heater is, that you save 39% in coal—get tremendous heat. Big demonstration at the Allen County Fair. Mr. F. J. VETERANS AT HOME  
IN OHIO'S CAPITOL;  
MORE COME HOURLY

COLUMBUS, Sept. 9.—Veterans of the Civil War continued to arrive in Columbus throughout last night and today aboard special and regular trains from all parts of the country to attend the 53rd annual encampment of the Grand Army of

the Republic, which opened last night with addresses of welcome by Governor Cox and Mayor Karb. With other patriotic organizations, the veterans will continue their encampment throughout the week. Caring for so many visitors has strained Columbus' housing facilities. While there is no way of checking the number of visitors here, Commander-in-Chief C. E. Adams said fully 250,000 would be here during the week.

Officials of the G. A. R. said James D. Bell, Brooklyn, N. Y., was the likely candidate to succeed Commander Adams at the election to be held during the week. John G. Chambers, Portland, Ore., senior vice commander-in-chief, it was said, also will be a candidate for the office.

Three of the veterans, since coming to Columbus, have taken ill and are in hospitals. Two of them, Joseph Brooker, aged 78, Port Orchard, Wash., and J. A. Sacksider, aged 68, of Nebraska, were overcome with the heat. Comrade John H. Belfat, who was unable to give his

Despite the fact that he is 99 years of age, William Bayne, who served with Commodore Perry and Admiral Farragut, says he will march in tomorrow's parade. Since 1914 Bayne, who is one of the oldest soldiers attending the reunion, has lived at the Soldiers' Home at Dayton.

Wealthy Young  
Man Shot By  
Woman, Dies

KNOXVILLE, Tenn., Sept. 9.—Leroy T. Harth, president of the Imperial Motor Company, and a wealthy young business man of this city was mysteriously shot last night and died on the porch of a farm-house on which he took refuge. Today the police are searching for a woman, whose name it is said Harth uttered as having been his assailant. Harth's automobile was found near the scene of his death and the police theory is that he and the woman left the car where the shooting followed and that Harth ran to the farm-house for help. The man's money and diamond ring were found upon him and robbery is not considered as a motive.

Internal Injuries.

### VETERAN REINSMAN SERIOUSLY INJURED

"Pop" Geers is Dragged  
Through Fence by Heg-  
lar in Third Heat

SYRACUSE, N. Y., Sept. 9.—Ed-  
ward "Pop" Geers, veteran Grand  
Circuit driver, is in a hospital here  
suffering from serious internal in-  
juries as a result of a collision in the  
2.16 trot at the opening of the Grand  
Circuit race program yesterday af-  
ternoon. Physicians last night re-  
ported they were unable to report the  
exact extent of his injuries but they  
stated Geers would not be able to  
drive again this season.

It was in the third heat when the  
accident occurred, and the veteran,  
driving Heglar, was caught in a pock-  
et. During his effort to get clear, one  
of the other horses broke and threw  
Heglar out of his stride. All the  
horses were close together and Geers  
was forced against the rail fence. He  
tried in vain to keep to the track, but  
Heglar smashed through the railing  
and into the enclosure dragging Geers  
with him. Spectators rushed into the  
field and extricated the veteran from  
the wreckage of his sulky. Geers was  
unconscious when picked up.

The day's program was marred by  
another accident in which Patrick  
Cherrier, piloting Armadale, had his  
left leg broken. It was in the 2:00  
pace and one of the horses which  
"broke" reared and plunged into  
Cherrier's sulky. Driverless, Armada-  
le raced to the wire and finished first.

The feature event of the day, the  
Matron stake for three year old trot-  
ters was won by Perscope in straight  
heats, the best time, 2:04 1-4, being  
the fastest time of the season for a  
three year old.

Baron Cegentle won the 2:09 trot  
in straight heats; best time 2:06 1-4.  
The Chamber of Commerce stake  
for 2:06 pacers developed a lively  
battle between Edward P and Little  
Batiste, the former taking the first  
and third heats, turning the miles in  
each instance in 2:04 1-4.

### CHICAGO SPORT WRITERS ARE PICKING THE SOX

(BY JAMES F. BURRA)

The season is at hand when sport  
writers throughout the country, par-  
ticularly in Cincinnati and Chicago,  
will begin to tell the fans just why  
either the White Sox or Reds will  
win the World's Series, for every  
day brings us a little closer to those  
games which hold the interest of  
every person in the country, whether  
he be a lover of the pastime or not.

Naturally, we have our own opin-  
ions, but a still, small voice is keep-  
ing us from informing the fans. It's  
a wee bit early yet, and none of us  
like to have a hunch, made public,  
to come back and give up a swipe  
in the nose.

However, we might say, it looks  
very much to us like the world's se-  
ries' honors will be carried to the  
home of Walnut Hills and a certain  
brand of old 2:75. It is our be-  
lief the Reds have a pitching staff  
equally as good as the Sox, whose  
main stay is Eddie Cicotte, with  
Urban Faber running a close second.

With Reuther, Eller, Sallie, Ring  
Luque and Fisher, all going good,  
Moran has a staff to so depended  
upon. Others tell us the Sox have  
the hardest hitting team of the two  
mebbe so, mebbe so, but we'll just  
take the two leading swatters on  
each team and see how they hit.

Batting About the Same  
Last week, according to the aver-  
ages, Jackson, of the Sox is hit-  
ting .348, while Roush, of the Reds  
has an average of .323. Collins is  
hitting .318, with Gron following  
close with .311. Now, there's not so  
blooming much difference between  
the four men. The remainder of  
the teams are hitting along like paces.

We are of the opinion one is just  
about as hard a hitting team as  
the other, for both have been up  
against pitchers of ability, all things  
considered.

Naturally, Chicago sport writers  
can see only the Sox. Malcolm  
MacLean, of the Chicago Evening  
Post says: "The Reds have been  
playing consistent ball all season.  
They have been winning. But there  
seems to be something absent, the

old kick and wallop we might at-  
tempt to call it."

Look What It's Done

Yes, bo. He might attempt to  
call it, but from the games the Reds  
have won by putting that old kick  
and wallop into it at the last inn-  
ing, tells us different.

Duffy, of the Chicago Journal, on  
behalf of the White Sox aggregation  
says, the world's series between the  
Sox and Reds will be the biggest  
clinch in history. Again, yes bo,  
that's what other teams thought  
about the National League race, in-  
sofar as the Reds were concerned.  
Why, McGraw even laughed at Pat  
Moran when that hombre told Nap  
he was going to pilot the Cincy gang.  
By golly, the laugh is on the other  
side now.

Johnson, of the Chicago Ameri-  
can, seems to be the only one of  
the three who imagines the Reds  
are worthy of the race. He knows  
what kind of a pilot Moran is, and  
he gives him credit.

In order that you may have full  
benefit of the ravings, we present  
them to you, herewith:

By Malcolm MacLean, Chicago  
Evening Post

After seeing the Reds perform  
twice in two days we can't for the  
life of us see anything but the White  
Sox if the two teams meet in the  
world series. The Reds have been  
playing consistent ball all season.  
Their pitchers have done well, and  
the team has been winning. But there  
seems to be something absent, the  
old kick and wallop we might be  
tempted to call it.

They may have the zip and all  
the rest of it, but—there's that word  
"but" again—they have scarcely  
shown it here this trip. Whether  
the absence of Heinie Groh from  
third base has made the difference  
we are not in a position to state.

Thus far the Cubs have looked  
over the offerings of Eller, Fisher  
and Sallie. All three of these twirl-  
ers have been hit reasonably hard.  
They may do better, more effective  
work against the Sox, but they'll  
have to tighten up a lot.

For, be it known, the Red twirl-  
ers are going to face an assortment

of batters in that engagement which  
is dangerous every minute of the  
time, from the lead-off man to the  
pitcher. They are going to stack  
up against an aggregation which  
can come from behind and which  
manufactures runs in bewildering  
array.

Against good right-handed pitch-  
ing, such as Martin and Hendrix  
showed them, the Reds were stopped  
short. Eddy Cicotte can class as an  
excellent right-hander, and, if the  
series goes far enough, he is liable  
to be in three of the games—pos-  
sibly four.

By Sherman P. Duffy, Chicago  
Journal

The visit of the Cincinnati Reds  
has been a most vitally interesting  
one to the Sox cohorts, who have  
flocked to Cub park for the games.  
The Sox rooters think the Cubs at  
present look fully as good as the  
coming champs, and if they had  
their present line-up and pitching  
strength earlier in the season Cin-  
cinnati would not now be leading  
the league with the pennant a fore-  
gone conclusion.

Had Eller doesn't give the Sox  
fans any worry. Neither does Slim  
Sallee. Fisher, who set the Cubs  
down, is an old American League  
hurler and of no great distinction.  
They discount him, in fact, the Sox  
fans think the Red-Sox series will  
be the biggest clinch the south-  
siders ever encountered, even if  
they have only two reliable pitch-  
ers.

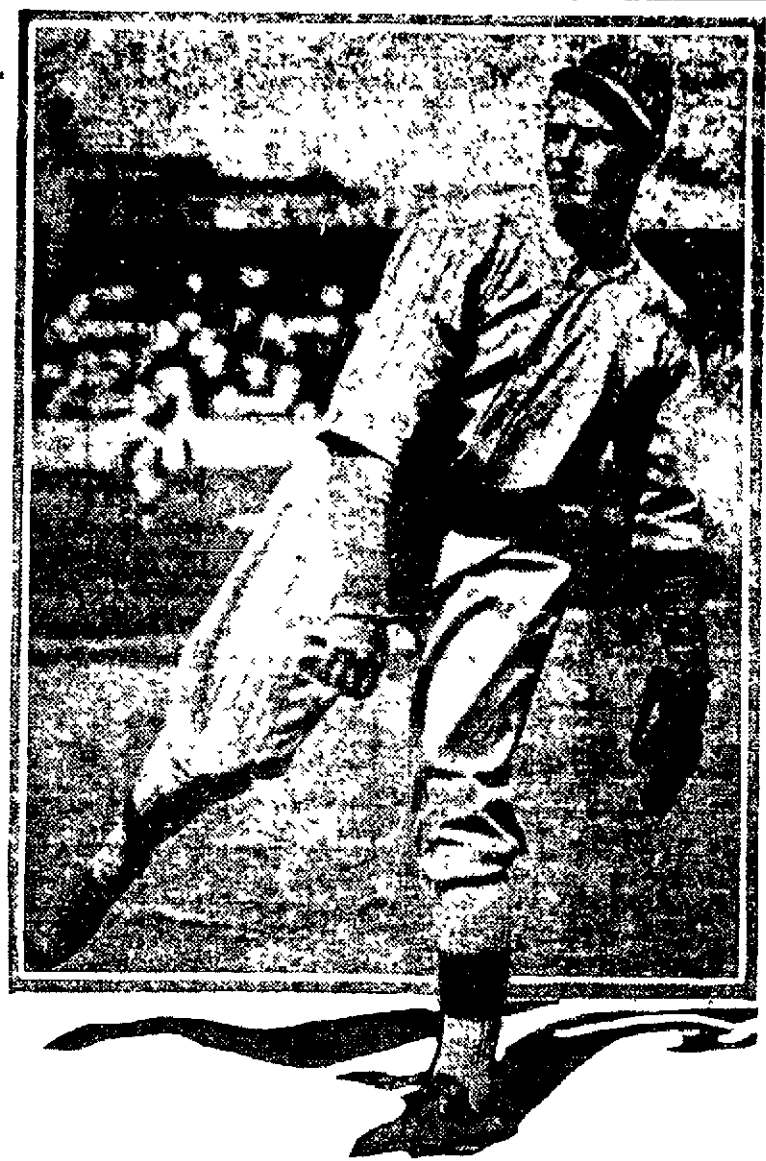

By Harold Johnson, Chicago  
American

Every hitter has a weakness up  
there at the plate and nobody has  
memorized those shortcomings more  
minutely than Patrick J. Moran.

Pat always was known as a brainy  
ballplayer and the methods he em-  
ployed in leading the Phillies to a  
pennant in 1915 are identically  
those he is using this season in put-  
ting Cincinnati on the map with its  
first National League championship.  
Pat knows what his lineups should  
do to win the old ball games, and  
he insists that they follow his doc-  
trines.

Greece may have had only one

### JACK HORNER WILL START 'EM

Veteran Starter Will Tell  
'Em When to Go At  
Fair Races

When the horses at the Allen  
County Fair turn for the word to-  
morrow afternoon they will face none  
other than J. F. "Jack" Horner, Lima  
starting judge who is in a class all  
by himself when it comes to "getting  
them away."

"Jack" Horner started in the old  
days, when a horse enthusiast could  
start across country with a "jumper,"  
that had cost him anywhere from  
\$25 up, start him at the county fairs  
and come home in the fall with some  
real winter oats money. Those days  
are past, for now it costs real money,  
to campaign a harness horse and the  
runners are almost an obsolete thing  
at the county fairs.

But back in those days, all you  
needed to campaign a runner was a  
bucket and a couple of rub rags. And  
to race a trotter or pacer over the  
"pea vine" circuit the requisites were  
a sulky, two blankets and a set of  
harness.

Now the trotters and pacers re-  
quire trunks of "clothing," as the  
cartakers call it, and hopples and  
fancy bits of harness galore.

"Jack" Horner knows all angles

of the game dating back from the  
"good old days," when a mile in  
2:25 would make the rail birds fall  
off the fence and doubt the accuracy  
of their Waterbury clocks.

### Sox Are 15 Points Above Red Average

There is very little difference in  
the averages of the Red aggregation  
and that of the White Sox in team  
hitting. Last week's averages show  
the Chicago team is just 15 points  
in the lead. All things considered  
both teams are hitting about the  
same. For both are batting against  
pitchers of equal quality.

Last week's averages are.

### GOOD EVENTS ARE SCHEDULED

Small Number of Entries  
Insures More Lively  
Sport at Fair Races

While the entry list for the races  
at the Allen County Fair this week  
are not overwhelmingly large there  
is a reason, as the Battle Creek  
man said. No less than 15 fairs are  
in progress in Ohio this week, and  
there will be no large fields at any  
of the meetings.

The Lima Fair filled every race  
and while there will not be extreme-  
ly large and bunglesome fields to  
handle, the racing will, on the other  
hand, be that much better.

The program starts tomorrow with  
the 2:20 pace. Following is the  
2:24 trot, while a road race, which  
may be the best event of the day,  
because it always develops surprises,  
will be the last event.

A number of Lima starters will  
be included in the two professional  
races, adding to the interest in the  
two events.

Entry lists were issued today, and  
show a well balanced field in each  
race.

# STATE BOARD SAYS LIMA WATER IS O. K.

## CASES OF TYPHOID FEVER NOT DUE TO MUNICIPAL WATER

Investigator Comes to Lima and Gets Samples for State Chemist

### FILTRATION NEEDED

However and City Officials as Usual, Promise New Plant "Soon"

According to a communication received today by Service Director Metheny from the State Board of Health, Lima water is of a good, satisfactory quality.

The State Board of Health, recently received several communications from local citizens to the effect that there were several cases of typhoid fever in the city and indications were that the city water was the cause. An investigator was sent to Lima, and secured samples of city water from the City Building, St. Rita's Hospital, North Side fire department and the filtration plant.

A test of these samples was made and the report upon it being of a "good, sanitary quality." Notwithstanding this, however, officials of the board urge the early completion of the new filtration plant. This plant, city officials state, will be ready to operate just as soon as one more piece of machinery arrives. This has delayed the opening for many weeks, they say.

## VISITING NURSES HAVE BUSY MONTH

Seventy-Four New Cases Were Handled During the Month of August

The monthly report of the Lima Visiting Nurse association has been made by Mrs. Mueller and Foster, the two executive nurses. The current cases for the month of August were 74, while new cases numbered 74, making the total 99. Sixty-nine patients were discharged during the month, and there are now 30 cases remaining under care.

Five patients were referred to the hospital, while 512 visits were made in the city. The following are the cases: tuberculosis, 6; pneumonia, 6; postnatal cases, 6; infants under two years, 19; visits to infants, 110.

## NAME CHAPTER FOR FALLEN SOLDIER

In order that the name of Corporal William Paul Gallagher, the first Lima boy to be killed in action, on June 1, 1918, may be perpetuated in memory, the American Legion chapter has proposed that the name of the new chapter be named after the first Lima hero of the world war. Paul Gallagher Post. A vote will be taken at a meeting to be held Wednesday night at 7:30 o'clock at Memorial hall.

At that time about 50 applications for membership will be received. The chapter for the Lima post has been issued by the national officers, and carries the name of 17 world war veterans from Lima. In L. D. Funk, Lima's army officer, will address the meeting. Other Lima men on military service will also be in attendance.

### WILL PROBATE

The will of the late Emma Olive Crane was heard in probate court this morning. Her property, both real and personal will go to her husband, William G. Crane. In the event of his death, it will go to the children and grandchildren, according to terms of the will. Mrs. Crane died in Anglatze township, August 25, 1919.

## OLD STRUCTURE IS ON ITS WAY ALONG PUBLIC HIGHWAY

Finally after much controversy and more urging on the part of citizens, the old frame dwelling which has stood in the center of Elizabeth street between High and North streets, for so long people began to think it had been placed there permanently has been moved, and is now being towed south on West street.

The structure formerly occupied the rear of Ira Longworth's premises on north Elizabeth street. It was moved to the center of the street, and could be taken no farther, the contractor said, owing to the fact that a line men's strike was prevalent and no one could cut the wires.

After the strike was settled the old house at there for two weeks, and finally the contractor has consented to move it.

## DIRECTIONS FOR SENDING MONEY

Home Service Headquarters Announces Plans For European Mailing

In response to frequent inquiries made at the Home Service headquarters the department of Civilian Relief gives the following information in regard to sending money to relatives or friends in Europe. The American relief administration is a department of the U. S. government and under rulings of the federal reserve board is the only organization authorized to accept money remittances to Czechoslovakia, Poland, Finland, Rumania, Yugoslavia, including Serbia, Germany and Austria. Any individual in America can now send money to anyone in the above named countries.

Any bank can take the deposit and then mail it direct thru a bank in Europe, or thru New York and Chicago banks. One dollar in American money will buy, 19 marks in Poland, 12.55 marks in Finland, 12.55 marks in Germany, 24 kronen in Austria, 17.5 kronen in Czechoslovakia, 24 kronen in Yugoslavia, and 9.75 lei in Rumania. Rates for Serbia have not been fixed and payments will be made in this country at the prevailing rate on the day of payment.

### POLICE DEPT. AT THE FUNERAL OF MRS. J. F. WINGATE

Practically the entire police department is this afternoon attending the funeral of the late Mrs. J. F. Wingate, wife of the former captain of police and clerk of police court. Wingate served on the department 24 years, starting as a patrolman and resigning as a captain. Later he accepted the place of police court clerk and held that office until it was merged into the duties of the clerk of court.

### Robbers Carry Away \$1,500 and a Victim

TOLEDO, O., Sept. 9.—Robbers at Lima, near here last night carried off one of their victims, Jacob Blackard, a baker away with them and dumped him out of an automobile miles from home. Before looting his place, they robbed a hardware store. In all, the bandits secured \$1,500 besides a quantity of automobile tires and hardware.

### WANTS ALL NOTABLES

YOUNGSTOWN, O., Sept. 9.—On motion of the Councilman Jerry Sullivan who won fame by having council pass an ordinance to lower car steps for wearers of light skirts, and another to "throw the street car stations into the Mahoning river," city council last night passed a resolution instructing its clerk to invite General Pershing, King Albert and Queen Elizabeth, Cardinal Mercier, the Prince of Wales and Devalera to visit Youngstown.

### BOULEVARD LIGHTS

Again Get Attention of Council, and Bond Issues Come Up Again

The second reading of the ordinance providing for a vote on the \$100,000 municipal street lighting system and \$12,000 North Shore Drive improvement bond issues occurred at a called session of city council last night. Indications are there will be a strong fight waged over these projects at the regular meeting of the body next Monday night.

Owing to the absence of Councilor Light no action was taken upon the new ordinance calling for a re-vamping of the market house.

### Wants Traffic Changes

President Dempster last night asked council to consider traffic changes. He says in all the larger cities left hand turns at prominent intersections have been eliminated and he is of the opinion it will be a step toward safety to have the same done in Lima.

### Boulevard Lights

Service Director Metheny presented new plans and specifications for a boulevard light system recently drawn by J. P. Gampers, chief expert, of Columbus. Gampers was present at the last regular meeting of council and declared plans and specifications for the new system could not be completed within three weeks.

However, when informed by City Solicitor Light that new legislation could not be drawn up until the plans were completed, Gampers immediately designed the system.

## BLODGETT LIKELY TO GET METCALF ST. BRIDGE JOB

It is very probable the construction of the new Metcalf street bridge across Ottawa river will be awarded to Z. Blodgett, local contractor, according to information received this afternoon immediately following a meeting of the Board of Control.

However, the question of brick or stone paving will have to be decided upon before the contract is let, they say. Blodgett's bid for the bridge and back payment is \$49,298.18, and for stone paving is \$12,783.87.

The original cost of the structure was estimated at \$11,000 and the sum was appropriated from the city and county, the county to pay \$15,000 while the city paid the remainder. However, other arrangements will have to be made if brick paving is selected.

The county has already turned over its share of the costs to City Auditor Rupert, he stated, this afternoon.

### SUIT FOR DIVORCE

Charging gross neglect of duty and extreme cruelty, Esther J. Donahaver has filed suit for divorce from Alphonso Donahaver. She avers he has beat her and on several occasions knocked her to the floor. The couple were married November 28, 1914.

### CHARGES DESEDITION

Accusing William P. McFee of deserting her two months after marriage, Elizabeth McFee has filed suit in common pleas court for divorce. She also states, in her petition, he has been guilty of gross neglect of duty. They were married October 20, 1918, and she says McFee deserted her December 20, 1918.

## CURB MARKET HAS USUAL BIG CROWD TUESDAY MORNING

Chickens Take Another Drop and Sell on Curb at Twenty-Eight Cents

### ARMY MEAT SELLING

Next Curb Market is to Be Held Thursday Morning—Little Price Change

As usual the curb market held this morning was a success from every angle as housewives and householders crowded the large number of vehicles in an effort to effect a saving. At the market house the sale of army meats continued with a vim, and several hundreds pounds of it were disposed of to citizens.

Chickens Drop Probably, the most notable

feature of today's curb market was the price of chickens, which dropped another cent. They were sold today at 28 cents, and indications are they will drop a penny or two more before the end of this month.

Other vegetables were selling at about the same prices as have prevailed since the opening of the market. The Square will again be the scene of activities Thursday when the mid-week market is held.

## Ball Player's Skull Fractured

TOLEDO, O., Sept. 9.—Dennis Murphy, catcher for the Toledo American Association club, is in a hospital with a fractured skull, having been taken there yesterday, following an accident, which occurred in one of the Toledo-St. Paul games on Sunday, when Murphy was hit by a ball pitched by Dan Griner.

Lima, Ohio.  
Sept. 9, 1919.

Dear John: Well here I am at the fair and it sure is some pumpkins. I am enjoying every bit of it. Went in to see Mr. Frankle, the Optometrist at Hughes and Son yesterday and he was so busy I had to wait a half hour to see him. Seems like folks are taking my advice, and are going to him for glasses, they certainly will never be sorry of it, for Mr. Frankle fits glasses

Yours,  
MARY.  
right.  
P. S. Pays to listen to advice, don't it John?
